EDUCATION

- 2017 **Ph.D.**, philosophy FORDHAM UNIVERSITY, BRONX, NY
Dissertation: The development of the medieval Parisian account of formal consequence. Director: Professor Gyula Klima. Passed without corrections.
- 2021 **A.S.**, software development JEFFERSON COMMUNITY AND TECHNICAL COLLEGE, LOUISVILLE, KY

EMPLOYMENT

- Jan-April 2021 Software developer apprentice, Java bot team WAYSTAR
Fixed bugs in Java Maven projects automating Selenium Chrome and Firefox web bots which obtain patient payment information from insurance provider websites. Deployed fixes to development and production environments with Jenkins. Used Jira for project management, SVN for version control, and Eclipse and IntelliJ Idea for IDEs.
- May 2020-April 2021 Software developer apprentice, DevOps Applications team WAYSTAR
Louisville, KY. Pioneered work on porting various team projects from .NET Framework to .NET Core and on project containerization with Docker; built, deployed, and configured team projects with Azure DevOps; set up logging of automated alerts from Aio load balancers to Microsoft Teams and Splunk, and co-led company-wide training on using YAML for Azure DevOps pipeline configuration.
- Aug 2019-May 2020 Software developer apprentice, Architecture team WAYSTAR
Louisville, KY. Contributed to a company-wide full-stack C# .NET framework applicant testing website implementing MVC pattern with Visual Studio and Git version control. Normalized back-end SQL Server databases and application model layer, and wrote database queries both in SQL directly and in C# with LINQ and Entity Framework. Wrote JavaScript/jQuery functions for DOM manipulation and sending/retrieving server information with AJAX, and improved HTML/CSS web accessibility and design responsiveness by adding semantic HTML, media queries, and Flexbox layouts.
- 2017-2018 Philosophy, Latin, and classics teacher HIGHLANDS LATIN SCHOOL
Louisville, KY. Taught college-level material in Latin, ontology, and classics at advanced private high school. Led ontology students to fully reconstruct arguments and critically explicate texts from Plato, Aristotle, Thomas Aquinas, and others. Led Latin students to translate both from and to Latin, with assignments principally focused on Caesar. By pairing classic texts with carefully designed assignments, I improved student learning outcomes while decreasing student workload, leading 90% of students to earn the highest letter grade available.
- 2015-2017 Distinguished research fellow FORDHAM UNIVERSITY
Bronx, NY. Published numerous articles, book contributions, and an edited volume with publishers including Cambridge University Press, Brill and Springer, secured grants and honors from institutions including the University of Salzburg and the University of St Andrews, and presented papers at prestigious institutions across three continents, primarily in the history and philosophy of logic. For a full list of publications and presentations, see my CV.
